## > IN RESTROOM: MAXIMUM RESPECT FOR THE ENVIRONMENT

### THE TOILET PAPER SYSTEM THAT REDUCES WASTE AND PROTECTS NATURE.

- The system dispenses one at-a-time sheet to optimize paper consumption.
- Eco Natural Lucart toilet paper protects the environment, since it has been made by recycling cellulose fibres from beverage cartons.

EU Ecolabel: TT/04/06

Ecolabel is the ecological quality label that guarantees the respect of severe criteria for the protection of the environment required at an European level: low water and air pollution, low greenhouse gas emissions and electricity use.

**> MAXIMUM HYGIENE**  
Users touch only the sheet they use.

**> LESS CONSUMPTION**  
Single-sheet dispensing reduces waste.

**> IN KITCHEN: MORE HYGIENE, LESS WASTE**

**THE COST-EFFECTIVE DISPENSER FOR KITCHEN.**

- Suitable for food contact.
- Ideal for using in food preparation areas as blue colour is easily visible and identifiable in food.
- Single-sheet dispensing system ensures minimal waste.

PEFC is the forest certification that guarantees the correct environmental management of forests from which cellulose comes.
