

KATRIN®

Katrin Dispensers™

A complete range for friendly washroom solutions

Studies prove it – it does matter what your washroom feels like

Have you ever had doubts about going to a public washroom? Most people have. 3100 Europeans were interviewed in Katrin Washroom Survey conducted by UnitedMinds. Fears of bacteria and illnesses were clearly shown, as well as the fact that washroom is an topic that interests all kinds of people. Most interviewees could easily describe their dream washroom: it's a clean and comfortable "happy place" with sensible accessories.

Pleasant washroom experience, better business

Have you ever visited a washroom where you could truly relax and refresh? A friendly washroom solution is good for business. Your customers feel appreciated and keep coming back. Your employees and guests will remain satisfied and refreshed. Friendly washroom solutions are all about meeting and exceeding expectations by concentrating on the smallest of detail to ensure washroom guests, cleaning people, designers and purchasers are satisfied.

Katrin Dispensers™ is a complete collection for restaurants, hotels, schools, offices and other public places. We think that everyone has a right to a pleasant washroom experience.

Katrin Dispensers™ – for friendlier washrooms

- Easy to use
- Appealing looks and design for any environment
- Minimised cost-in-use
- Improved hygiene level
- Complete range
- Durable life-cycle

Finding the right washroom solution is easy

From the gourmet restaurant to the local pub. From the high capacity football stadium to the classy theatre. From the tough school environment to the hospital with extremely high demands on hygiene. From the trendy office to the industrial plant. Finding the optimal washroom solution is easy with three questions.

QUESTION 1.

The amount of users

- is it high or low?
- is it a steady flow or rush hour traffic?

QUESTION 2.

The expectations of the user

- a premium brand experience or just a cosy, basic solution?
- are there any specific demands for the tissue needed?

Higher expectations mean demand for better quality towel and tissue, as well as the stylish dispensers and accessories. Increasing amount of users means demand for higher capacity dispensers.

QUESTION 3.

White or grey?

Needs vary, and so does the style. Dispensers have to fit to the washroom style and interior design, creating a pleasant total washroom experience. In addition to pleasing the eye, a stylish washroom manages often to decrease vandalism. Nobody wants to trash a comfortable, well looked-after facility.

Our Grey and White dispenser series draw attention in hotels, conference centres, night clubs, spas, trade centres and in any place where a premium experience means better business.

The Dream Washroom

– for users and facilities people alike

Dream washroom for users

When asked about the Dream Washroom, Katrin Washroom Survey revealed some interesting points. Firstly, the expectations of people were rarely met. Secondly, respondents often dreamt of an oasis, where they could hide in peace. It's only human!

- Well looked-after
- Frequent, regular inspections
- Soap, toilet tissue and soft hand towels in lockable dispensers
- Photocell sensors on taps
- Soft, white hand towels fed out one at a time
- Waste basket with lid
- Personal design with something extra, e.g. magazines and candles
- Vending machines for wet wipes, tampons, condoms, sanitary towels etc.
- Light tiling
- Plastic cups

Dream washroom for facility and maintenance people

With our complete range of dispensers it's easy to create the Dream Washroom for facilities people, too. This is because the dispensers feature a host of details that make refilling, cleaning and servicing easier. Here are a few examples.

- Control windows make it easy to see when the dispenser needs refilling
- Easy to install, thanks to a smartly designed back plate
- Freedom of choice in using the dispenser locking function
- One key fits to all dispensers
- Right capacity dispensers for any amount of users reduce the needs for refilling and maintenance

Share with Confidence

– all you need to create friendly washroom experiences.

With top-of-the-line White and Grey dispensers Katrin offers a complete hygiene solution for many types of washrooms.

Eternal white

White is always modern, an all-time classic. Katrin Dispensers, White plastic are calm and harmonic, designed to please the eye in various environments.

Classy grey

Grey has an air of elegance that never goes out of style. Katrin Grey Dispensers are elegantly designed to give the right impression in any washroom.

Katrin System Towel dispenser

– for high frequency environments

A premium class dispenser must deliver in terms of reliability, comfort and high capacity. The Katrin System Towel dispenser feeds out clean sheets which are optimal size for hand drying, minimising the consumption and waste. All the paper on the roll is used. Different paper qualities can be served according to your audience.

Reliability and flexibility

- Suitable for all environments
- Controlled consumption
- Easy to use and silent
- High capacity - one roll is enough to dry hands 360 - 450 times depending on paper quality
- Designed with few parts, high reliability

COLOUR OPTIONS

PRODUCT CODES

GREY	WHITE
95 303	95 306

Minimal pull resistance.

Ensures all the paper on the roll is used.

Katrin System Electric Towel dispenser

– premium quality and high capacity

With many visitors over a short period of time, tissue and towels can quickly run out. To ensure satisfied guests, a high-capacity dispenser is vital. The Katrin System Electric Towel dispenser is an electronic dispenser which automatically feeds out sheets of an ideal size for drying hands. One roll is enough to dry hands even up to 530 times and towels are fed out quickly and evenly – perfect for frequently used washrooms.

For high traffic washrooms

- Highly reliable automatic dispenser
- Fast dispensing
- High capacity - even 800 sheets per roll

PRODUCT CODES

GREY	WHITE
95 307	

One battery set is enough to dry hands over 50 000 times.

Easy to refill.

Katrin System Towel

- Thick, soft tissue for hand drying
- Different qualities for all your needs, for instance blue towel for the food industry
- Swan and ISEGA label certified

Katrin System Toilet dispenser

– two rolls in one

Katrin System Toilet dispenser is a high-capacity dispenser, ensuring there is always paper in the washroom. It holds two rolls, and can be refilled before the roll is finished. A handy paper brake prevents over-spinning of roll and reduces paper wastage. It's often the small details that help to make the best impression in the washroom!

High capacity

- Functional and reliable
- Holds two rolls
- High capacity ensures there is always paper left.
- 1,360-1,840 sheets depending on tissue quality
- Paper brake to prevent over-spinning of roll and paper wastage

COLOUR OPTIONS

PRODUCT CODES

GREY	WHITE
95 345	95 348

Can be refilled when the first roll is used so tissue is always available.

The reserve roll only drops down when the last sheet of the old roll has been used.

Katrin System tissue products

– quality means less consumption and less warehousing

There are facilities where users expectations are higher than in others. There are also situations where you need better absorption capacity. Better customer experience, lower purchase volume and lower consumption – that's what you get when you use the right paper in the right place. With Katrin, you choose quality.

Rapid absorption rate lowers consumption.

Flat sheets in optimum size reduce waste.

Katrin System Towel

- Thick, soft tissue for hygienic hand drying
- Three different qualities
- Eye-catching blue towel for the food industry and other demanding environments
- Swan and ISEGA label certified

For Katrin System Electric Towel and System Towel dispensers

Katrin System Toilet Tissue

- Soft and effective 2-ply tissue
- Three qualities
- Long-lasting and high absorption rate
- Kind to the skin and comfortable to use
- Swan label certified

For Katrin System Toilet dispenser

Katrin Gigant dispensers

– when you need high capacity

Katrin Gigant dispensers offer excellent reliability. Thanks to several smart functions, there's always toilet tissue at hand. Flat design makes the dispenser easy to fit even in small washrooms. To make refilling and maintenance easier, the dispensers have an inspection window, which shows when paper needs to be refilled.

Flat design, smart features

- Flat design makes the dispenser Easy to fit even in small washrooms
- Max roll diameter for Gigant L 290 mm

Safe tear-off and a release function for remaining roll, which can be used when needed.

Katrin Hand Towel dispensers

– for any environment from small to high traffic

Lockable Katrin Hand Towel dispensers are designed to ensure that all the towels get used. Fresh soft paper towels are fed out one at a time. The dispensers have a control window so facilities staff can easily see when a refill is due. These robust dispensers can be used even in the toughest of environments.

Versatility and ease of use

- Easy to use, refill and assemble on the wall
- Tilted discharge shelves and a handy opening function add reliability
- For c-fold, non stop and one stop folded towels
- Sizes: one, two or three packs of towels

Katrin Centre Feed dispensers

– for small or industrial washrooms

Loaded with coreless rolls of hand towel paper, these centre feed dispensers do their job in an array of environments. The smaller model suits small washrooms perfectly, while the medium size is ideal in industrial washrooms or workplace areas. Both models are easy to refill with plenty of paper at a time, and both have tear-off strips with guarded teeth for safety.

Grab and go!

- Precise tear-off, minimum dust
- Fits even a smaller room
- Guarded teeth add safety
- Sizes: S for small washrooms and M for higher capacity usage.

Katrin Air Freshener dispenser

– sense the cleanliness

Surveys show that most people avoid using a washroom that smells bad. Katrin Air Freshener has a flashing light indicating when the fragrance and battery need changing after around a month. This ensures you always have an appealing washroom. The fragrance system is environmentally friendly: running without propellant and with no metal content in the packaging.

Lasting Scent

- Two fragrance settings: constant or 2-minute intervals
- Fragrance/battery change indicator
- Runs for 30 days on constant, 45 days on 2-minute intervals
- Silent

Katrin Soap dispensers

– healthy hand hygiene

Wash your hands with hot water and soap, dry them using hand towels – the best formula for good hand hygiene. Even so, the number of people who actually follow this process is worryingly . These lockable dispensers help: they have capacity for up to 1,400 doses and are designed for hygienic use and simple refilling.

Katrin Liquid Soap dispenser

- High capacity dispenser serves over 1000 portions of liquid soap from one litre refill
- Easy refilling

Katrin Foam Soap dispenser

Freedom of choice in using the locking function. Soap, tissue and towels are protected inside a dispenser, and an ergonomic key fits all dispensers.

Control windows make it easy to see when the paper needs refilling.

Made of ABS plastic, which ensures robust dispensers that give a fresh, well-tended impression.

Appealing, compact design. Suitable for all environments and conveys a fresh impression to users.

A complete, well-considered selection ensures a full range of dispensers that do their job properly.

Easy to install, partly thanks to a smart solution with several holes in the back plate.
